Assessment review date:	August 2024
Person approving assessment:	Kate Shrewsday, STEM Learning & Engagement Manager
Date of approval:	09.02.2023

Hazard identified	Affecting who?	Existing control measures	Additional control measures	Risk level	Who will implement controls?
Vehicles Driving around site leading to possible injury	Children Teachers Adult Supervisors	Site vehicles involve buses, cars, vans, bicycles, and motorbikes. There is a site speed limit of 10mph. Brooklands Museum operates a strict monitoring of vehicle access to site. Collection vehicles are maintained to a safe operating standard. Teachers and adult supervisors must accompany and supervise children at all times, especially outdoors.	Teachers and adult supervisors are made aware of risk on arrival by a staff member or volunteer.	Low	Museum Staff Volunteers Teachers Adult supervisors
Members Banking and Test Hill are slippery; Uneven ground, leading to possible trips and injury	Children Teachers Adult Supervisors Museum staff Volunteers	Physical barriers and signage on Member's Banking prevent access to the banking. Museum staff, volunteers, teachers and adult supervisors must ensure the children do not run.	Teachers and adult supervisors are advised of slippery surfaces and uneven ground on arrival by a staff member or volunteer.	Low	Teachers Adult Supervisors Museum staff Volunteers
Restoration Areas and vehicle maintenance workshop areas	Children Teachers Adult Supervisors	Restoration areas and vehicle maintenance workshop areas are barred off and display clear signage discouraging entry.	Teachers and adult supervisors must ensure children are kept away from restoration areas and do not cross barriers.	Low	Teachers Adult Supervisors Museum staff Volunteers

Aircraft stairs and low access door on Concorde, leading to possible slips, trips and hitting head on access door	Children Teachers Adult Supervisors	Aircraft stairs can be slippery if wet. Teachers and adult supervisors to remind children to hold onto the railings when ascending or descending stairs to and from aircraft. Hazard tape covering low access door.	Teachers and adult supervisors will be made aware of low access door by Concorde stewards.	Low	Teachers Adult Supervisors Museum staff Volunteers
River Wey access, leading to possible injury	Children	Danger areas will be clearly marked and barred off by physical barriers and fences. Teachers and adult supervisors must ensure children are kept away from the river and do not cross barriers.		Low	Teachers Adult Supervisors
Steps to Activity Rooms upstairs, leading to possible slips or trips	Children Teachers Adult supervisors	Children are encouraged by Museum staff, volunteers, teachers and adult supervisors to take their time and hold on to the railing when ascending and descending the stairs. Teachers and adult supervisors are advised to walk in front of the children to ensure they walk down slowly.		Low	Museum staff Volunteers Teachers Adult Supervisors
